At Town Lane Infant School we recognise that the personal development of pupils, spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve. We therefore aim to provide an education that provides pupils with opportunities to explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive, caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of the cultures.

Guidelines

All curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and opportunities for this will be planned in each area of the curriculum.

Teacher's planning for class-based SMSC should be clearly evident across subject areas in KS1 and different areas of learning in F2

All adults will model and promote expected behaviour, treating all people as unique and valuable individuals and showing respect for pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals and where forgiveness and the opportunity to start again is fundamental to the ethos of the school.

Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour and provide opportunities to celebrate pupils' work and achievements.

All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in teacher's planning and purchasing decisions.

General Aims

- To ensure that everyone connected with the school is aware of our values and principles.

- To ensure a consistent approach to the delivery of SMSC issues through the curriculum and the general life of the school.
- To ensure that a pupil's education is set within a context that is meaningful and appropriate to their age, aptitude and background.
- To ensure that pupils know what is expected of them and why.
- To give each pupil a range of opportunities to reflect upon and discuss their beliefs, feelings and responses to personal experience.
- To enable pupils to develop an understanding of their individual and group identity.
- To enable pupils to begin to develop an understanding of their social and cultural environment, and an appreciation of the many cultures that now enrich our society.
- To give each pupil the opportunity to explore social and moral issues, and develop a sense of social and moral responsibility.

- Recognise the value and richness of cultural diversity in Britain, and how these influenced individuals and society.
- Develop an understanding of their social and cultural environment.
- Develop an understanding of Britain's local, national, European, Commonwealth and global dimensions.

- MEAS can support events and curriculum links in school. Particularly with the recent changes made in the new History curriculum.

Teaching and Organisation

Development in SMSC will take place across all curriculum areas, within activities that encourage pupils to recognise the spiritual dimension of their learning, reflect on the significance of what they are learning, and to recognise any challenges that there may be to their own attitude and lifestyle.

All curriculum areas should seek illustrations and examples drawn from as wide a range of cultural contexts as possible.

Class discussions and circle time will give pupils opportunities to:

- Talk about personal experiences and feelings.
- Express and clarify their own ideas and beliefs.
- Speak about difficult events, eg bullying, death etc.
- Share thoughts and feelings with other people.
- Explore relationships with friends/family/others.
- Consider others needs and behaviour.
- Show empathy.
- Develop self-esteem and a respect for others.
- Develop a sense of belonging.
- Develop the skills and attitudes that enable pupils to develop socially, morally, spiritually and culturally – eg empathy, respect, open mindedness, sensitivity, critical awareness, etc (for comprehensive list see attached sheet).

Many curriculum areas provide opportunities to:

- Listen and talk to each other.
- Learn an awareness of treating all as equals, and accepting people who are physically or mentally different.
- Agree and disagree.
- Take turns and share equipment.
- Work co-operatively and collaboratively.

Links with the wider community

- Visitors are welcomed into school. (MEAS supports the school with this)
- The development of a strong home-school link is regarded as very important, enabling parents and teachers to work in an effective partnership to support the pupil. (Life Long Learning supports with this)
- Pupils will be taught to appreciate their local environment and to develop a sense of responsibility to it. (links are made with Lynn Struve)
- Regular links are made with MEAS and the WMO to support and plan for events in school

Monitoring and Evaluation

Provision for SMSC will be monitored and reviewed on a regular basis. This will be achieved by:

- Accreditation to be sought every 3 years to achieve a national SMSC quality mark which is currently at gold standard.
- Monitoring of lesson plans and teaching and learning, by the headteacher
- Regular discussion at staff and governors' meetings □ Audit of policies and Schemes of Work.
- Sharing of classroom work and practice.
- Audit of Collective Worship policy and practice.
- Collation of evidence in pupil's work in school portfolio and within whole school portfolio
- Regular inclusion on SEF/SIP.

Review

This policy will be reviewed in accordance with the policy review schedule.
