Parental Controls Guide

Apple iPhone

Features and Benefits

You can enable restrictions to stop your children from using specific features and applications on an iPhone, including the ability to block access to iTunes and restrict explicit content and in-app purchasing.

What specific content can I restrict?

Browser Access

Apps Access

In-App Purchasing

Social Networking

Inappropriate Content

Sharing Location

Sharing Data

Media Streaming

Online Games

What do I need?

Nothing

Step-By-Step

1. On the iPhone home screen open the settings application and press '**General**'.

2   Scroll down and press '**Restrictions**'

3   Press '**Enable Restrictions**' and enter a passcode. Remember this passcode, as you will need it to change the settings in the future. Then change the settings to suit your family needs.
